BIGGEST THING YET

The Chautauqua is proving to Be Best Attraction Ever in City.

Every Performance has Proven a Treat and all are Pleased

The Redpath Chautauqua Company opened its engagement in this city last Thursday afternoon with a musical recital by the members of the Redpath Grand Opera Co. followed by a delightful lecture by George L. McNutt, the "Dinner Pail" man. In the evening the "Lover's Quarrel," by the Redpath Grand Opera Co. was highly enjoyed. Friday afternoon there was a concert by the Weatherwax Brothers quartette which made quite a hit and was followed by Mrs. Isabel Garghill Beecher in an interpretive Recital "The World and His Wife." Mrs. Beecher is indeed a genius and the audience simply "went wild" over her recital. In the evening the Weatherwax Brothers quartette was again enjoyed to the fullest extent as was the debate on "Is Socialism Desirable for the United States?" Hon. Emil Seidel speaking for the affirmative and Hon. J. Adam Bede speaking in the negative. Saturday afternoon the Florentine Trio furnished the music and a magnificent lecture was delivered by Wm. Rainey Bennett on "The Man Who Can." In the evening the Ben Greet Players produced Shakespeare's drama, "Comedy of Errors," which produced much laughter and was the source of much enjoyment. Sunday afternoon the Marx trio furnished a sacred concert followed by Hon. Edward Amherst Ott in lecture on "Sour Grapes." Mr. Ott is truly a great orator and humorist and his lecture has been a feature of the Chautauqua up to the present time. A number of persons were heard to say that he was the greatest lecturer they had ever listened to and it is unquestionably true that he is the greatest speaker that ever addressed an audience in this city. In the evening a song service was led by Rev. Hibshman, of this city, with his wife presiding at the piano after which he delivered a brief talk in behalf of this city, thanking the chautauqua people and hoping for their

return here next year. Rev. H. D. Clark led in prayer after which a sacred concert was rendered by the Bergen-Mark Co., which was much enjoyed by the music loving public. On Monday afternoon and evening Bohumir Kryl and his band of thirty pieces was the attraction and was enjoyed to the fullest extent by a large crowd. This is undoubtedly the greatest band that ever played in this city and one worth going many miles to hear. Tuesday afternoon and night the Mozart Concert Co. furnished delightful music and in the afternoon the lecture of Hon. Jos. W. Folk, former Governor of Missouri, on "The Fight for a State" was richly enjoyed by a large audience. Each morning the boy scouts have been put through a course of training by Scout Master, H. O. Sexsmith and most enjoyable lectures have been delivered by Dr. A. E. Bartlett, who is quite a talented lecturer. The closing days' exercises, (Wednesday) is composed of lecture in the afternoon on "The Divine Rights of a Child" by Mrs. Leonora M. Lake, with music by The Barnard Orchestra. In the evening the same orchestra will furnish music and Ralph Bingham will conduct a "Joynight Program." Mr. Bingham is well known to our people and the tent is sure to be crowded to capacity.

The Chautauqua is truly and beyond a questionable doubt the greatest thing ever in this city both from an entertaining and educational standpoint and while our people have not attended as well as they should, it must be remembered that this is the first time any thing of the kind was ever here and it is believed that another year the tent would be crowded to capacity at every performance. We feel that we are very fortunate in having had the Chautauqua in Mt. Sterling and are glad to know it will return here next summer.

Wrong Report.

The report that the Olympian Springs Co., has increased its rates to \$3 per day straight is erroneous. The price for cottages is still \$15 per week while rooms at the hotel come slightly higher.

MRS. JANE DOUGLAS

Answered Her Master's Final Summons Early Saturday Morning

Was One of the Best Known and Loved Women in the County.

Mrs. Jane Douglas, aged 72 years, one of the most widely known and best beloved women in Montgomery county, died at her home at the Levee early Saturday morning. Mrs. Douglas was a devout member of the Baptist church, was a devoted wife, a loving and affectionate mother, a true friend, and above all, a woman of God. Without her, life will be sad to those that had known her and in knowing her had learned to love, but God in His infinite wisdom has seen fit to take her from our midst, and knowing that He doeth all things well we bow our heads in humble submission, saying, "Not our will but Thine be done."

Mrs. Douglas is survived by her husband, Mr. G. P. Douglas, and eight children, viz: T. J. Douglas, Jeff Douglas and Mrs. Carrie Garrett, of this county; Mrs. Mary West, of Doylesville; Mrs. Julia West, of Richmond; Charles Douglas and Mrs. George Garrett, of Lexington, Ill., and Joe Douglas, of Lagrange, Ky.

Funeral services were held at the residence of T. J. Douglas Sunday afternoon, conducted by Rev. A. H. Hibshman, with burial in Machpelah cemetery.

The grandest display of fireworks ever in this city will be at the Fair Grounds July Fourth.

King the Winner in Winchester Primary.

Samuel F. King, of Ruckerville, Clark county, and considered a "dark horse," was winner in the primary for postmaster at Winchester Saturday. The primary was hotly contested and the result was a great surprise. The candidates finished as follows: S. F. King, 732; Chas. B. McCord, 544; W. T. Fox, 326; Miss Nanny H. Tucker, 335; W. D. Clark, 27, and J. E. Black, 25.

Kennedy Secures New Pharmacist

Mr. Thos. Kennedy has secured the services of Charles M. Crain, a registered pharmacist from Russell, Ky., to take charge of his prescription department. Mr. Crain comes highly recommended both as a druggist and a gentleman and Mr. Kennedy is indeed fortunate in securing his services. He will move his family here and occupy Mrs. Thompson's cottage on Clay street.

Auto Crook Taken to Georgia.

Charles Fisher, alias Charles Gillman and a number of other aliases, who was arrested here several weeks ago and who was believed to be wanted in a number of places for cashing forged drafts on a number of different automobile manufacturing concerns, was taken to Crowley, Ga., Sunday afternoon by Deputy Sheriff James Amy from that place who traveled 1100 miles to get his man. He is charged with obtaining money on drafts to which the name of the Studebaker Automobile Co. was signed. His real name is thought to be Otto Hockner. It will be remembered that he was arrested in this city by Policeman Scott and an agent for the Overland Co. a short time ago after an exciting chase, and was fined \$10 for jumping his board bill and upon his failure to pay this amount was remanded to jail. He was a nice appearing young man and was one of the smoothest crooks rounded up here in some time.

James Porter Gets

Nice Promotion.

Mr. James Porter, the popular ticket agent for the C. & O. at this city has been appointed General Agent for the C. & O. at Charleston, W. Va., and will assume his new duties Saturday.

This is quite a promotion for Mr. Porter and one that is much deserved, for he is a young man well fitted for the position, being sober, industrious and accommodating.

He is very popular and has many friends who will regret to see him leave Mt. Sterling, but who join us in congratulating him in securing this splendid position.

Mr. Charles Eskridge will succeed him as ticket agent and Mr. Eskridge will be succeeded by Mr. Jake Clinkenbeard. Both of these young men are deserving and we are glad to note their promotion.

New Manager for Telephone Co.

Mr. C. T. Chatham, who has been manager of the telephone exchange at Stanford, Ky., has been transferred to this city to replace Mr. B. F. Buckner, who goes to Atlanta. Mr. Chatham comes highly recommended and in speaking of him the Stanford-Interior Journal has the following to say: "Mr. Chatham and his popular family made many friends during their residence in Stanford and there is general regret that he has been transferred. He was one of the most popular phone managers who has been here in a long time."

They Will Have It.

Even the little darkies know that Kerr's Perfection is worth any price. Recently two little fellows broke into a car to get it. They could only carry twenty-five pounds each. Now, that's hardly worth while. If their mother will call at our office we will give them two SACKS MORE.

UNION VETERAN

Joins Waiting Companions in The Great Beyond.

Mr. W. H. H. Miller Passes Peacefully Saturday Morning.

Answering the final summons of the Great Commander, Mr. W. H. H. Miller, on Saturday morning passed to the Great Beyond. Mr. Miller was an old Union soldier having served all through the Civil war and was for many months a prisoner at Andersonville. Having resided in this county many years he had by his admirable traits of character bound to himself numerous friends who learned of his death with sadness. Deceased was seventy-three years of age and is survived by one son, Mr. Clay Miller of this city, his wife having preceeded him to the grave many years ago.

Mr. Miller was a highly respected, upright citizen and will be greatly missed. Funeral services were conducted at his late residence Sunday afternoon by Rev H. D. Clark with burial in Machpelah cemetery. We extend deepest sympathy to the bereaved son.

Dr. Brown Married.

The following announcement of local interest has been received here by friends of Dr. Brown.

Mr. and Mrs. Adam Marty announce the marriage of their daughter Arline Elizabeth to

Dr. Edward W. Brown on Wednesday, June the twenty-fifth nineteen hundred and thirteen Saint Paul, Minnesota.

Dr. Brown is well remembered here where he practiced dentistry for a number of years and made many friends who will be interested to learn of his wedding.

Ice Supply Short.

Owing to the extreme heat the ice supply has been running short in this city for the past few days. The plant has been running at full capacity, but has been unable to meet the demand. However, our people have not suffered as the local company has been securing a car a day from the Lexington plant so that the customers of the local concern have not been without ice.

Redpath Chautauqua to be Here Again Next Year.

The Chautauqua has proven such a great success here this year that at a meeting held on the Chautauqua grounds Monday afternoon and night 1000 tickets were sold for next year which is the limit that can be bought for \$2 per ticket. Rev. A. H. Hibshman had charge of the movement and certainly sold the tickets in a masterly way. It was due almost solely to his efforts that a Chautauqua was here this year and we feel that the community at large owes him a vote of thanks. The success of the Chautauqua this year is due (in a large measure) to the untiring efforts of Superintendent F. M. Whitley, who has done everything in his power to make everyone have an enjoyable time. We feel that another year will find the tent filled at every performance and are confident that not only Mt. Sterling people will turn out, but that crowds will come here from every direction within a radius of fifty miles for indeed, many of the attractions are worth going hundreds of miles to see.

Mrs. C. W. Goodpaster Injured.

While on their way from Owingsville to this city the horse driven by Judge and Mrs. C. W. Goodpaster, Sunday evening, became frightened and backed into a wire fence throwing both of the occupants out. Mrs. Goodpaster had several ribs broken, one shoulder dislocated and her collar bone broken. The Judge escaped with only minor bruises. Both Judge and Mrs. Goodpaster are well known in this city where they have many relatives, Mrs. Goodpaster being a daughter of Mrs. Jennie McAlister.

For Miss Thompson.

Miss Mae Settle entertained with a tea at the Phoenix Hotel in Lexington Monday evening in compliment to Miss Cynthia Thompson, of this city, and two other young lady visitors.

Housewives League to Meet.

There will be a meeting of the Housewives League Saturday afternoon at four o'clock at the Court House. It is hoped a large crowd will attend.

Kidney Troubles Attack Mt. Sterling Men and Women, Old and Young.

Kidney ills seize young and old. Often come with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills You must reach the cause—the kidneys. Doan's Kidney Pills are for weak kidneys—

Have brought relief to Mt. Sterling people.

Mt. Sterling testimony proves it.

Mrs. C. C. Schooler, 4 Jamison St., Mt. Sterling, Ky., says: "One of the family suffered from pains in the back and kidneys and there were other symptoms of kidney complaint. He used Doan's Kidney Pills, procured at Duerson's Drug Store, and they made him strong and well."

Tobacco Outlook.

Setting and resetting of tobacco is practically over and one can be safe in saying there is not more than 70 per cent. of an average crop in the ground. The tobacco has been greatly helped by the recent rains and seems to be in a good, growthy condition in almost every field. Much of it has been ploughed over twice, and the late resetting has not wilted, but has started to grow rapidly. The outlook in the Bluegrass section is very good, but in Western Kentucky trouble still continues and there is no telling what the outcome will be or how good a percentage of the crop will be cultivated. Tobacco men and growers have a seemingly good year in front of them if they will only take an interest in their crop and use judgment in housing and preparing it for curing. Do not wait until the tobacco is ready to cut, but begin now in figuring to take care of your crop in the proper and sensible way so as to get the best benefits therefrom.—Blue Grass Journal.

CATTLE NOTES.

The big cattle market has opened in Montgomery county and several sales are reported this week. C. C. McDonald, buyer for Sulzberger & Swartzchild, has purchased about 600 head the past week. The prices ranged from \$7 for the culs to \$8 per hundred for the best. The most of the cattle secured were steers that had been fed ensilage during the winter and after being turned to grass were continued on corn and cotton seed meal. Among the cattle secured by Mr. McDonald were 110 head from William Botts, 108 head from George G. Hamilton, a nice bunch from Robert E. Tipton, A. Sid Hart, Dan J. Prewitt and Dunlap Gay. The cattle were bought for July delivery. The fat cattle market in this county is in good shape and the stock is in fine condition. Mr. McDonald is one of the best buyers in the Bluegrass section and knows a good steer when he sees one, and annually purchases 3,000 cattle in this and adjoining counties.

H. S. Caywood, buyer for Swift & Company, shipped from this city last Saturday 500 head of steers that he purchased about ten days ago from Woodford Brothers. It took 28 cars to make the shipment and the cattle were in good condition.

The cattle market is equally as strong in Bourbon and other counties as is in Montgomery and cattle are being sold and shipped out daily to the various Eastern markets. The prices being paid range from 7 to 8 cents.

During the past week the cattle market has been steady at Chicago and other markets, and all indications point to the prices standing around the present ones for some time, if not gradually increasing. The known shortage of steers existing all over the country has had a tendency to open the eyes of the skeptical and they have begun to realize the present conditions of the cattle market and the outlook for the future. We do not believe it advisable for cattle men to go crazy because there is a shortage in steers and refuse liberal offers for their stock, knowing that the time to sell is when you can make a good profit, but we do think that it would be to the interest of cattle men to keep better posted on conditions as they now exist than they have been doing.

Never before in the history of this country has common sense and intelligence been needed more in the cattle industry. Cattle men must learn to feed economically and handle their stock properly to make money, and the best way to accomplish this is by buying and installing a Silo on your farm. It is the salvation of the stockman and farmer and sooner or later they will realize it. Study conditions and prepare to meet them, and do not wait for the next generation to come along and make the needed improvements.—Blue Grass Journal.

Silent Brook Dead.

When Silent Brook 18769, 2:16½, died at Mt. Sterling, Ky., June 20, the property of E. R. Little, a great horse passed away. How many sires can point to such a list of race horses as Billy Burk, 2:03½, Shawbay, 2:07½; Zarrine, 2:07½; Betty Brook, 2:09½; Emma Brook, 2:09½, to say nothing of the pacers, Meadow Brook, 2:07½, and Lady Bellbrook 2:10, and the dam of Chatty Direct, 2:07½? And the end is not yet, for, with fair racing luck, Shawbay and Zarrine will trot in 2:05 or better before their careers are concluded, and there are other horses in training that will add to Silent Brook's honors later. Silent Brook is one of six horses that have sired three or more yearling trotters, his trio being Hester C., 2:21½; Silent Brigade, 2:26½, and the Lord Brook, 2:30. Silent Brook was the sire of 77, grandsire of 2, and sired dams of 4.

Silent Brook's death will be a loss to the industry, because he was one of only three speed-siring sons of Dark Night 2858, by Alcyone, 2:27, that died so early in his career.

Silent Brook was a brown horse, foaled 1890, bred by W. C. France, Lexington, Ky., dam Jenny Clay (dam of 2), by Harry Clay, second dam Norwood Belle, by Norwood, 522. He had a two-year-old time record of 2:29, a three year-old winning race record of 2:18½, and a four-year-old winning race record of 2:16½.—Horseman and Spirit of the Times.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Cataract, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred dollars for any case of permanent deafness, caused by Cataract. Send for circular.

W. D. HENRY.

Col. W. D. Henry authorizes us to give publicity to the fact that he is a candidate for the Democratic nomination for Magistrate in the Second Magisterial district of Montgomery county, before the State primary, August 2nd.

For four years he has served the people in that capacity and has been regarded as a careful, efficient and economical officer. As proof that he has zealously guarded the taxpayers interests, we need only remind our readers of the refreshing fact that pauper claims in his district have amounted to practically nothing during his administration.

As a Democrat he needs no one to testify for him, having been an active party worker since boyhood. He belongs to a large and influential family of Democrats and that he will make a strong race against all comers, no one acquainted with the situation will doubt.

We take pleasure in asking all voters of the district, who have the best interests of our county at heart, to give the claims of this worthy gentleman the careful consideration due them.

To the Rev. A. H. Hibshman and the other gentlemen responsible for bringing the Redpath Chautauqua to our city, the community, in our judgment, owes a debt of gratitude. The program has been thoroughly clean, instructive and entertaining, and we believe we voice the universal sentiment when we say we rejoice in the fact that an arrangement has been completed whereby we are assured of a Redpath visit next year.

Auditor Bosworth pulled off another one of his star jokes by announcing his willingness to issue warrants in payment of the Confederate pension claims. In other words he has consented to do what the Court of Appeals has said he must do.

Destructive Fire at Lexington.

For the third time in the last twenty years the Tattersalls mammoth barn, located on South Broadway, in Lexington, was totally destroyed by fire Sunday afternoon, together with thirty-five or forty head of fine saddle and harness horses which became frightened by the flames and falling timbers and although many of them had been turned out of their stalls, they ran into the fire instead of away from it and were destroyed.

Three men received serious burns in their efforts to rescue horses and it is believed that from twenty-five to thirty-five horses were taken from the barn uninjured. These men, Trainer H. C. Moody, who has a barn near the one destroyed; Trainer W. T. Griffy, superintendent of the barn destroyed, and Ed Howard, a negro employee of Trainer R. E. Moreland, worked bravely as long as they were able to stand the intense heat trying to liberate the horses from their stalls.

To Have Legislative Candidates in Clark.

A surprise was caused in political circles Monday when it became known that both the Progressives and the Republicans will name candidates for Representative and the Republicans will name candidates for Representative from Clark county in the August primary. The Republican nominee will be W. H. Strossman, who has filed his petition. The Progressive nominee will be W. A. Jack Stephens, a wealthy farmer of the Allensville precinct. It is also practically certain that the Republicans will put William Robb, a farmer of the Lexington pike, in the race for County Judge.

Ernest Richardson Killed in Oklahoma.

News reached this city last week announcing the death of Mr. Ernest Richardson, who was killed in Oklahoma by coming in contact with a live wire. Mr. Richardson was a brother of Tom Richardson, of this city, and formerly lived here where he had many friends who will learn with regret of his sad death. He was about 30 years old and was one of the stars on the local high school football team in 1900 and was quite a favorite here.

Although the three precincts within the limits of Nicholasville, gave the "wets" a majority of 78 in the vote held under the County Unit Law to abolish the sale of liquor in Jessamine county Saturday afternoon, the complete returns from the county gave the "drys" a 598 majority, and Nicholasville and Jessamine county are to be under local option arrangement again.

Split Skirts Taboo in Louisville.

Chief of Police Lindsay issued a blanket order for the arrest of wearers of skirts which are minus protecting undergarments.

"A number of women have been appearing on the streets of Louisville in dresses which the laws of decency forbid and I believe this is without a doubt a disorderly act," says the chief's order. "I refer to skirts which are split up the side, exposing the limb."

Chief Lindsay said that women who have the "nerve" to appear on the streets in split dresses will not mind "a little thing like a police court trial."

We bought of Mr. A. S. Hart several silage-fed steers; nothing better ever been sold on this market.

Sheriff's Sale

By virtue of an Execution No. 202, directed to me, which issued from the Clerk's office of the Montgomery Circuit Court, in favor of Sophia Randal, administratrix of Lucia Randal, against Millard Anderson, I, or one of deputies, will, on

Monday, July 21st, 1913

between the hours of 10 o'clock a. m. and 2 o'clock p. m., at the Court House door, in Mt. Sterling, Montgomery county, Ky., expose to public sale, to the highest bidder, the following property, or so much thereof as may be necessary to satisfy Plaintiff's debt, interest and costs, to-wit:

The undivided one-seventh interest of Millard Anderson in and to the hereinabove described real property, situated in Montgomery county, Ky., and bounded on the north by the lands of R. R. Whitsitt and J. M. Adamson, west by the lands of Thornton Snelling and B. F. Day, south by the lands of Ernest Gillespie, Clay Fogg and T. W. Barrow's heirs, east by lands of Clay Fogg, Bud Barnes and Mt. Sterling and Levee turnpike. Said tract of land hereby advertised for sale contains 240 acres of land, more or less, and Millard Anderson acquired title to same under and by virtue of the will of his mother, Mrs. Sarah W. Anderson, which will is recorded in will book H, page 158, of the records of the Montgomery County Court Clerk's office.

The amount of plaintiff's debt, interest and cost, including cost of advertisement, is \$343.86.

Levied on as the property of Millard Anderson.

TERMS—Sale will be made on a credit of three months; the purchaser to execute bond, with approved security, to have the force and effect of a Replevin Bond.

Witness my hand this 1st day of July, 1913.

52-3 W. F. CROOKS,

Sheriff Montgomery County.

"Jes Facts."

Towns in the last census period gained three inhabitants for every one that rural districts gained; but all those living in incorporated places of less than 2,500 inhabitants are classified by the census as rural population. The gain in population, broadly speaking, was confined to towns of more than 2,500 inhabitants; and a table prepared by the National Federation of Retail Merchants shows more than 6,000 country towns, in eight States, that actually lost population in the ten years. This table includes 156 county seats in Missouri, Iowa, Indiana, Michigan and Illinois, out of a total of 490 county seats in those States.

"This rather stagnation or decay in country-town population in the great agricultural region approximately bounded by the Missouri, Ohio and Hudson rivers is described by a correspondent as appalling. It certainly indicates that the country town should take stock of itself.

"Several months ago an investigation of the same phenomena within a relatively restricted area lead to a strong presumption of an intimate relationship between good roads and country-town population—those towns that enjoyed the advantage of improved highways tending to hold their own, or to gain, and those under the disadvantage of bad roads tending to lose. For a country town that depends upon rural trade, this is the very first point to be considered."—Saturday Evening Post.

Fully 80 per cent. of the towns in Kentucky are "country towns." Since there are more than 60 counties having none but dirt roads, impassable for the greater part of the winter months, it may safely be assumed that the towns in those counties at least are fortunate if they have succeeded in holding their own in population.

Furthermore, Kentucky itself is a rural State, having but one city of the first class and not more than half a dozen of the second class. Two-thirds of its counties are pauper, that is, they receive more from the State for their support than they pay to the State for its support. It is plain to the wayfaring man, or at least it should be plain, that Kentucky will continue to be a State where good roads are the widely scattered exception, if county bond issues or local taxation is to be depended on to raise the necessary funds. That plan has been tried out for something over a century and more than half the counties are without good roads.

The one plan that promises success in State aid, under which the wealthier counties in Kentucky and corporations doing business in the State will be made to contrib-

ute the major portion of the fund devoted by the State to road-building purposes. The strongest objection that can be urged to this plan is that the State is in debt. But the most effective method yet devised by which a State or an individual can get out of debt is by an increase of revenues.

That good roads mean increased farm values, larger net prices for farm products and a saving in farm labor, whether of man or beast, is a fact too invariably proved to be fact, to be questioned. It's about time that Kentucky was giving it recognition. And no better time will be presented than the next session of the General Assembly.—Louisville Times.

The Hay Outlook.

A drive over Central Kentucky does not show the hay outlook to be good. The drouth early in the winter and spring greatly handicapped the meadows, giving them a poor start, and as a result the yield of hay will not be a large one by any means. It is true the crop will be a better one than as indicated two months ago, the rains bringing the meadows out wonderfully well, but there will not be anything like the crop of hay cut this year that was cut last year. Timothy meadows are, in many places, full of weeds and truck, while clover only looks fairly well. The hay is ripening and mowers will soon be working hard.—Blue Grass Journal.

SPLIT LOG DRAG

Judge J. F. Gordon Advocates Its Use.

Circuit Judge J. F. Gordon, of Madisonville, talked entertainingly of the King split log drag to a crowd that filled the courthouse at a meeting in Hopkins county. He told of what had been done in Hopkins county. He said Mr. King visited that county about a year ago and gave a demonstration of the split log drag. The people then took hold where he left off and there are more than 300 miles of road, that are smooth as floors and which remain in good condition in bad weather.

Judge Gordon was very enthusiastic in his description of the roads resulting from the King method. He told of a road out at his own farm, a road he has been dragging for a considerable period. It seems that Judge Gordon himself made a King drag about seven years ago and used it on his road with success. But he could not get the neighborhood to adopt the practice until after the King meeting, at which the Hopkins County Good Road Association was organized. Judge Gordon said his road stays good all the time and costs nothing but a little work at the right time.

"You've got a lot to learn," exclaimed Judge Gordon, "when you undertake to use a split-log drag."

The highways of Hopkins county are divided into short sections and a farmer placed in charge of each section. These sections are from two to four miles in length and will be shortened as rapidly as possible because the authorities agreed with Mr. King in saying that a mile of road is enough for one drag. Judge Gordon told of a meeting in one of the Magisterial districts. The log drag was up for discussion; some praised it and some found fault with it. But the discussion stopped when Mr. Hunter, a sawmill owner, stated that he owned seven sawmills and that all but one of them had been compelled to shut down because of bad roads. That the one which had continued in operation all winter was on the Earlington and St. Charles road, which had been dragged and which he had been able to log without interruption. Mr. Hunter said he could haul 1,500 feet of lumber with one yoke over the St. Charles road, when the same load would put the wheels in mud up to the hubs on the other roads. This testimony closed the controversy.

TROTTING HORSE NEWS.

Little work has been done at the track since last report, that is, fast work. Ethel Grant and Lucile Brooks worked a nice mile together last Saturday in 2:17, while Albert O. for Hensley, worked in 2:16, the best mile of the year. The two-year old Tregantle filly, in the barn of Ben Jones, worked 2 nice miles Tuesday, one in 2:32½ and repeated in 2:30½, and is a good trotter. Happy Todd and Helen Mack (pacing mare belonging to J. D. Greenwade) worked out together on Tuesday and stepped a nice mile, going to the half in 1:13½, like a team, Todd finishing the mile in 2:24, and the mare in 2:25½. The other horses were worked slow. One of the best trotters at the track (in fact one of the best gaited ones the writer ever saw) is the mare Mendoza T., in the Magowan barn. This mare is a sure trotter and if no accident happens to her the horse that defeats her in the slow classes will never start back in the 2:20 class this year. Hugh Miller worked nicely for Curtis, Tuesday, working an easy mile in 2:33½, the best work that he has done so far this season. He is a good two-year-old and will be quite a good colt when he turns for the word.

At the local track on Wednesday there were a number of good workouts, the horses seeming to be in excellent condition in every barn. Poyntz and Charles Bean worked out Peter Patchen and Franklin R. together and they both went good. The former stepped a good mile in 2:25, with the last half in 1:10, and Franklin in 2:29, with the last half in 1:13. Peter Patchen is developing into a very high-class trotter and we would not be surprised to see him equal the record of Peter McCormick, made last year. This colt is coming very fast and by the latter part of July will be able to work this track three times better than 2:20, in the opinion of the writer. Franklin R is a much improved gelding and should trot several good races this season. Charles Bean worked Royal Armor in 2:30, and the "Big Smoke" is seemingly a very high-class pacer. Bert VanEvera stepped Lula Watts several good miles, the best one in 2:27, and she is ready now. Mr. VanEvera also worked Omyree several trips and she is fast as a bullet. Her best mile was in 2:25.

The colts in Ben Jones' care are doing well, his filly by Silent Brook and his filly by The Native both showing excellent speed, working around 2:40. "Silent" Dick Curtis gave several stiff miles to Neva Todd, and stepped J. Malcolm Forbes' 2:08, in 2:38½. It was the first time that the writer has seen this horse in harness in two years. He is much stronger and handsomer than he ever was and goes with that frictionless gait that make two minute trotters. We are not over-anxious or zealous in our friendship for his popular owner and his driver, when we say that we believe, without question, he is the fastest trotter in the world. Uhlau not barred. Mr. Curtis
